

School Annual Report

The Annual report for the year is provided to the fraternity of S C Tegginamath GHP School as an account of the school's operations and achievements throughout the year.

We strive for excellence in everything we do. We provide a learning environment that allows every student to thrive as an individual. Excellent performance is not an exception but an expectation of our school. We try to build greater engagement with the school by the wider community – school staff, students, parents. We have a priority on recognizing and rewarding accomplishment.

In this note we are extremely proud to announce that our school received **CBSE Affiliation number 830949 from CBSE board in the year 2019-20**. Our school management and administrative department served a lot achieve this level. We are very glad to say that we have completed few more steps in the development of young minds and enriching the society with very joyful and moments experiences. Our

Our school actively involved in both academic as well as co-curricular activities held in both school level and inter school level competitions. The school collectively has an enthusiastic and dedicated team of teachers and support staff. Their coordination with each other is what enables the school to function smoothly and grow with new perspectives.

The school continues to strive towards innovation and the latest practices in the field of Pedagogy are being continuously explored and incorporated.

The recent pandemic was sudden, and an unprepared global issue, faced with courage and positivity. The challenge was even harder in the Education sector since we deal with the learning of every individual. Our teaching and non-teaching staff worked very hard to put together a academic plan to tackle the unforeseen circumstances and launched virtual mode for the academic year. As part of a rural community, it was not an easy task to reach every student in a continued manner and impart the level of education we hope. But hope against hope we were able to reach majority of the students and help them through the online mode of teaching, encouraging them to participate in online activities along with the classes.

We believe in equipping teachers to prepare the students for the future and to update their knowledge. So, the school arranged training programs to help them navigate this new mode of teaching.

We have well developed Hi-tech computer lab with good broadband connectivity. We have well developed science lab, sports room with all equipment's and good enough playground. We have more than 1800 books in our library with qualified librarian. Our school has well-furnished, spacious class rooms, 3 language labs (English, Hindi & Kannada). We have math's lab with all teaching aids. We have botanical garden with valuable medicinal plants, which aided us to teach children innovatively.

Important days were observed and programs were celebrated in a colourful way. The school conducted many co-curricular activities such as Art and craft day, Environmental day, Yoga Day and National festivals. The school also conducted various competitions throughout academic such as singing competition, Drawing competition, Essay competition, Bindi Art competition and speech competition.

In our school we observe certain special days like Savitri bai pule birth day as Woman teacher's day which is very unique to our community. Science day celebration with science model's exhibition was also held.
